Organic growth resumes in 2022

In 2022, Prodware generated revenues of €188.3M compared to €165.5M in 2021, showing a strong increase of 13.7%. Business grew thanks to the continued upswing in SaaS sales, which now comprise 27.5% of total revenues. Business continued to grow (+17.8%) reaching €51.9M in revenue. The revenue generated, including SaaS-related Services, comes out to €102.6M, representing 54.5% of the total revenue. This dynamic reinforces the Group's recurring revenues and clearly shows that this model fully caters to customer demand and the sales approach of the leading software vendors.

Operating profitability significantly improves

In 2022, the EBITDA margin rose by 5.8 points to 27.6% reaching a level far higher than that recorded before the pandemic. Prodware is now reaping the benefits of its strategy based on increasing SaaS revenue and leveraging its expertise in supporting the digital transformation journey of businesses. This know-how has been regularly acknowledged and recognized by its technology partners who have awarded Prodware with prestigious awards (Inner Circle Microsoft Business applications, Sage Platinum Club, etc.). At the same time, the Group has continued to streamline its activities with a special focus on personnel costs, which have decreased by 4.0% in 2022, despite the growing business context.

Further to the growth in EBITDA, current operating income more than doubled to reach €29.3M, with an operating margin of 15.6%.

The Financial Result amounts to -11.2 M€ in 2022, slightly improving by 0.3 M€ compared to 2021, the increase in the cost of the financial debt being compensated by a strong decrease in provisions for financial assets.
